

Instructions and Safety Guidelines for Insta360 Sphere

Insta360 瞳 使用安全指引

For DJI Mavic AIR 2 & DJI AIR 2S / 适用于御 Mavic AIR 2 & DJI AIR 2S

Important: Only suitable for experienced and highly skilled drone pilots

* Disclaimer

Insta360 Sphere (a product of Arashi Vision Inc., hereinafter referred to as "this Product") is not a toy and should be used with extreme care and caution under controlled conditions. It should not be operated by people under the age of 18 (or the legal age of majority in your area), and keep children away from this product and its related accessories. Be sure to exercise extreme caution when operating in areas where children are present.

Before using this Product, please read these Sphere Safety Guidelines carefully. Using this Product and its relevant accessories means that you acknowledge and accept the terms of this disclaimer. By using this Product, you hereby acknowledge and agree that you are solely responsible for your own conduct when using this Product and any consequences thereof. You agree to use this Product only for proper and lawful purposes.

You understand and agree that, to the maximum extent permitted by applicable laws, Arashi Vision Inc. (hereinafter referred to as "Insta360") accepts no liability for any and all misuse, consequences, damages, injuries, penalties, or any other legal responsibility directly or indirectly incurred by your using this Product and associated accessories, if such use violates these Sphere Safety Guidelines.

Before using this Product, please make sure that your product and accessories are functioning properly. If there's any damage or irregularity, stop using them immediately. Within the scope of applicable laws and regulations, Insta360 reserves the right of final explanation and revision for the commitment. Please refer carefully to local drone related laws and regulations before using this Product. In the event of any conflict between this guidelines and the provisions of the foregoing laws and regulations, the provisions of the foregoing laws and regulations shall prevail..

1. What's Included

Open the package and verify you have the following items:

Insta360 Sphere * 1

Sticky Lens Guard * 2

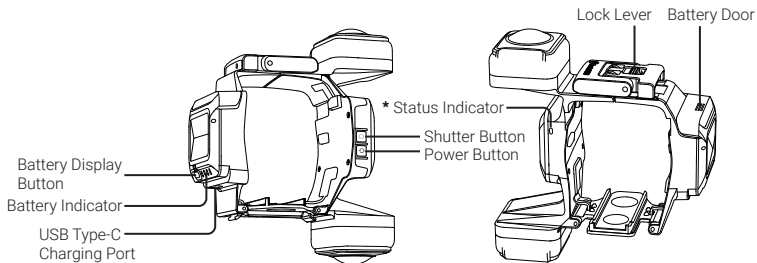

Lens Cap * 2

Battery * 1

Charge Cable * 1

Lens Cloth & User Manual

2. Names of Parts

* Flashing red: recording. Solid cyan: standby. Flashing blue: no SD card or SD card error.

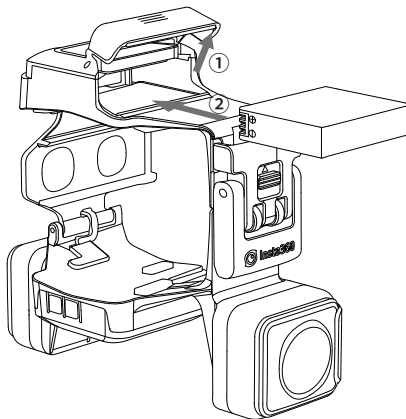

3. Notes

1. This Product is not waterproof. Please do not use this Product in or around water, or on rainy days.
2. Before use, please check that this Product and the drone are correctly installed, in particular that this Product's lock lever is properly fastened. For further details, please refer to the Sphere Manual.
3. Before takeoff, please prepare the included landing pad on the ground and wipe away any dirt or debris on the surface of the pad. This is to protect this Product's lenses during takeoff/landing.
4. Always take off in an open, outdoor area (to minimize signal interference). Keep a safe distance of 5-10 meters between the drone and anyone present in the area.
5. In order to maintain control of the drone and prevent injury, do not attempt a hand takeoff or landing.
6. Do not fly at an altitude of more than 1000 meters. High-altitude environments reduce the power redundancy of the aircraft and can easily lead to flight accidents.
7. Do not fly in harsh weather conditions or environments, such as thunderstorms, strong winds, and extreme cold. Do not fly when the wind speed is greater than 9m/s (level 5 on the Beaufort scale).
8. Fly cautiously in low-temperature environments. When the temperature is lower than -5°C, this Product's battery performance will be adversely affected. Battery life may be greatly reduced or even shutdown.
9. Check the GPS signal strength of the drone before taking off and always fly the drone in GPS mode when using this Product. It is not recommended to fly in altitude mode as this increases the risk of accident during the flight.
10. This Product is compatible only with Mavic Air 2 and Air 2S. The camera cannot be modified to enable use with other drone models.
11. If there is a sudden, strong wind during a flight and the drone app gives any warnings related to the motor being overloaded or similar, return the drone to home and land as soon as possible.

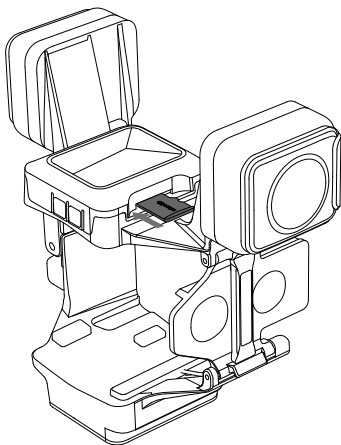

12. Pay attention to the remaining battery life while flying. When the drone provides a battery warning (in the yellow area), immediately return the aircraft to home and land.
13. When flying, please ensure the control of the drone, make sure the drone is in the line of sight, and keep the distance between the drone and obstacles, crowds, water and other objects at least 10 meters or more.
14. For the safety use of the drone or other related product(s), please refer to the manual and/or safety guidelines of such product(s).

4. Before You Fly

- 1) Before use, open the battery door (①) and **insert the battery** (②). Please charge the Insta360 Sphere via the included Charge Cable in case of low or depleted battery.

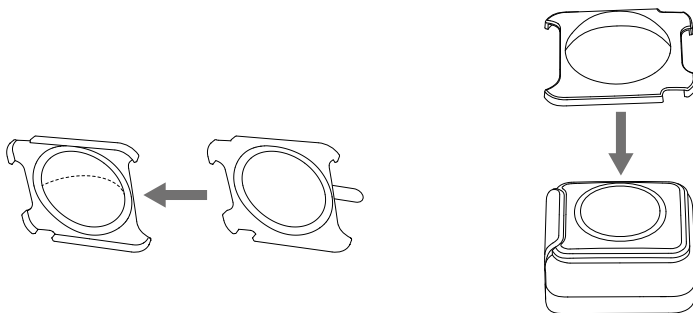

- 2) Before use, **insert a MicroSD card**.

Note:

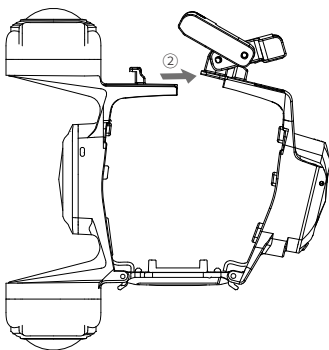

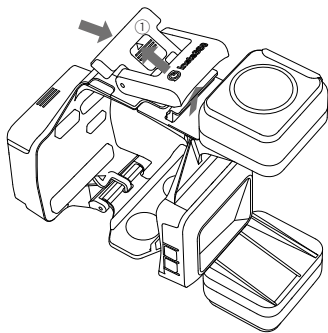

Please use exFAT formatted microSD cards with the UHS-I bus interface and Video Speed Class V30 rating to ensure normal recording. The maximum supported storage space is 1TB.

- 3) Before use, peel off the protective sticker and stick the Sticky Lens Guards (with the double-sided adhesive) onto the lens.

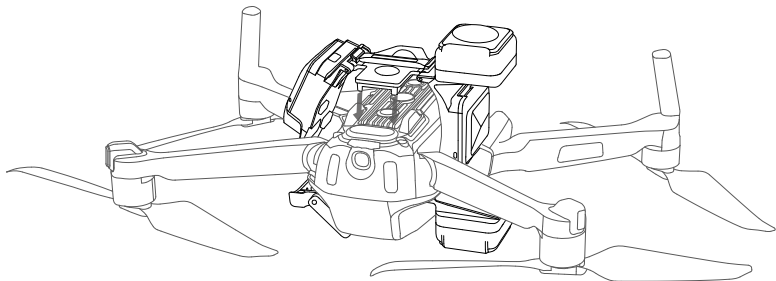

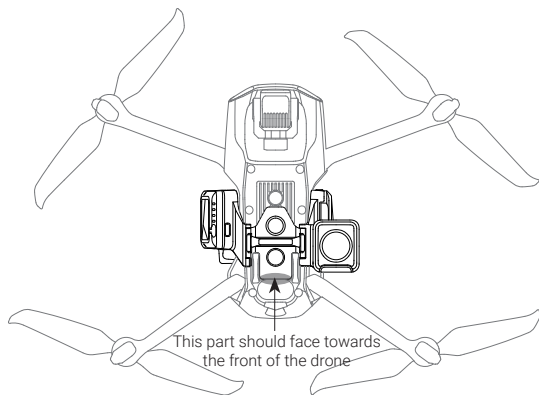

5. Assembly

Step 1: Open the Lock Lever to open the mounting bracket.

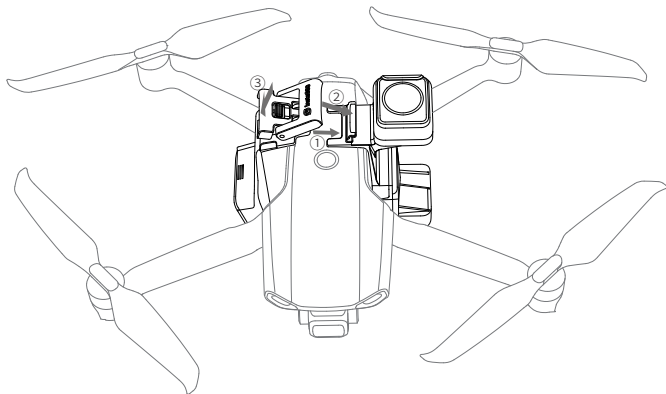

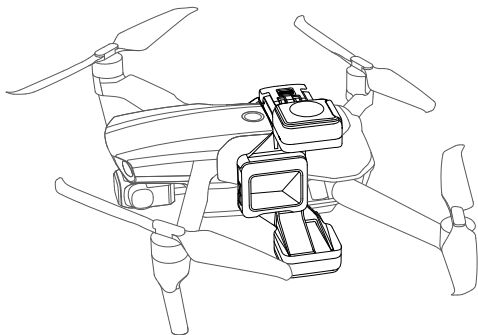

Step 2: As shown below, lock the mounting bracket's connection buckle onto the bottom of the drone.

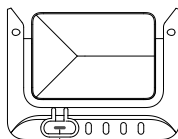

Step 3: Lock the Lock Lever well and ensure that the yellow mark of the Lock Lever is not showing.

Assembled successfully!

Important:

When recording long videos, please wait until the flashing red light turns to a solid cyan light when stopping recording, otherwise a video saving error may occur.

7. Downloading the App & Setup

The Insta360 Sphere's default shooting mode is 5.7K 30fps 360° video. If you need to adjust and set shooting modes and settings, please scan the QR code below (<https://www.insta360.com/download>) or search "Insta360" in the App Store/Google Play Store to download and connect to the Insta360 app.

Specs

Aperture: F2.0

35mm Equivalent Focal Length: 7.2mm

Battery Capacity: 1050mAh

Charging Method: Type-C

Use Environment: -5°C to 40°C (23° F to 104° F)*

Dimensions: 110×125×63mm (4.33×4.92×2.48in)

Weight: 192g (battery included)

* It's not suggested to use the camera in low temperature environments, or the battery's endurance performance may be reduced.

After-Sales Service

The warranty period of the attached product is 1 year from the original retail purchase. Warranty service may vary according to the applicable laws of your state or jurisdiction. For detailed warranty policies, please visit <http://insta360.com/support>

重要：仅限熟练操作无人机专业人士使用

* 免责声明与警告

影石创新科技股份有限公司（以下简称“影石 Insta360”）的产品瞳 Sphere（以下简称“Sphere”或“本产品”）并非玩具，不适合未满 18 岁（或未达到您所在地区法定成年年龄）的人士使用。请勿让儿童接触本产品及其相关配件。在有儿童出现的场景操作时，请务必特别小心注意。

使用本产品前，请仔细阅读本指引，本指引对安全使用本产品以及您的合法权益有着重要影响。

一旦使用本产品及其相关产品，即视为您已理解、认可本指引的全部条款和内容。每次使用前，请仔细检查本产品及其相关配件，若出现破损、变形，请勿使用。您承诺仅会出于正当合法的目的使用本产品，并同意本指引及 Insta360 可能制定的任何相关政策或准则。

您理解并同意，在法律允许的最大范围内，对于使用者不按照本指引使用本产品而造成的滥用、不利影响、损害、伤害、惩罚或者其他法律后果，Insta360 将不承担任何责任。

您应遵循包括但不限于本指引提及的使用注意事项。在适用法律法规范围内，本指引的解释权、修改权归 Insta360 所有。请您在使用本产品前谨慎浏览并确认遵守当地关于无人机使用的法律法规的规定以及隐私保护等法律法规的规定等。若本指引与前述法律法规的规定发生冲突，以前述法律法规的规定为准。

1、物品清单

打开包装，请确认包含以下物件：

Insta360 瞳 * 1

镜头保护镜 * 2

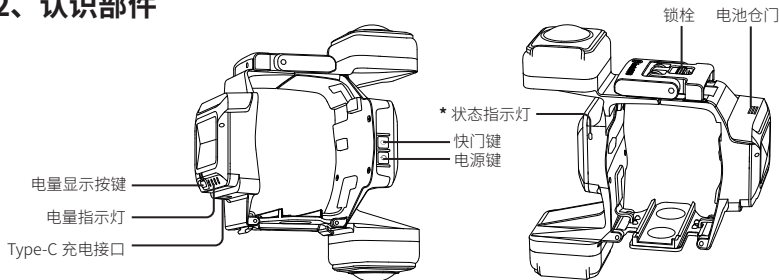

镜头保护套 * 2

电池 * 1

充电线 * 1

擦镜布 & 使用说明

2、认识部件

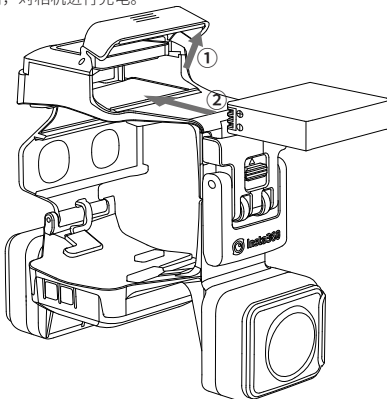

* 红灯闪烁：录像中；青灯长亮：待机中；蓝灯闪烁：无 SD 卡或 SD 卡错误

3、使用前须知

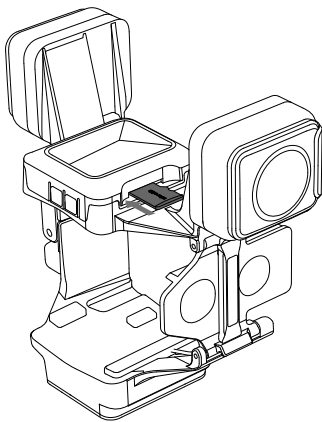

1. Sphere 不具有防水功能，请勿在雨天、近水或者水下环境使用本产品。
2. 使用前请检查 Sphere 与无人机的安装方式是否正确、卡扣是否正常扣合，详情请参考 Sphere 使用说明书。
3. 使用前请将随机附送的起飞垫平铺在场地上，擦拭起飞垫表面的砂土脏污，以免刮花镜头模组。
4. 务必在室外空旷无信号干扰的场地起飞，并保持人机安全距离 5 米以上、10 米以上。
5. 为防止无人机失控造成人员损伤，不可手持无人机起飞或降落。
6. 请在海拔低于 1000 米的高度飞行，高海拔环境会降低飞机的动力冗余，容易造成飞行事故。
7. 请勿在恶劣环境飞行（雷雨、大风、极寒等），风速大于 9m/s（五级）时不可飞行。
8. 低温环境谨慎飞行，气温低于 -5°C 时会极大影响 Sphere 电池性能，大幅缩减续航甚至关机。
9. 起飞前请确认无人机 GPS 信号强度，进入 GPS 模式后方可起飞（姿态模式不建议飞行，否则飞行中出现的风险用户自行承担）。
10. 适配 Sphere 相机的无人机型号为 Mavic Air 2 和 Air 2S，用户不可自行改装相机而搭配其他型号无人机使用 Sphere。
11. 飞行过程中如如遇大风，无人机 APP 提示“动力电机过载，请谨慎飞行”时，请尽快返航并降落。
12. 飞行过程中请随时留意电量剩余情况，当无人机提示电量预警（在黄色区间），请立即返航降落。
13. 飞行时，请保证无人机的控制，确保无人机在视线范围内，保持无人机与障碍物、人群、水面等物体的距离至少 10 米以上。
14. 关于本产品以外的无人机等相关产品的使用，请参照该相关产品的使用手册或安全说明。

4、使用前准备

1) 使用前，请打开相机电池仓门 (①)，置入电池 (②)。若无法开机或开机后显示低电，请使用充电线连接相机一侧的 USB Type-C 接口，对相机进行充电。

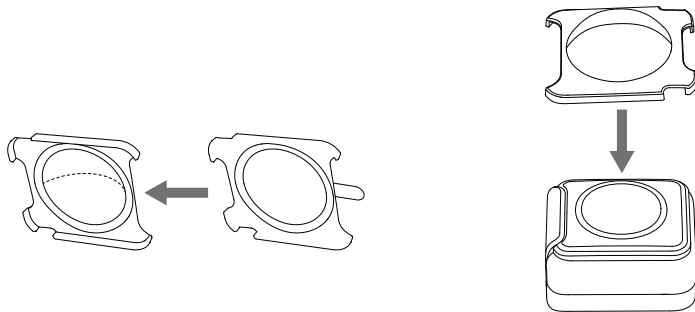

2) 使用前，请先插入 Micro SD 卡。

注意：

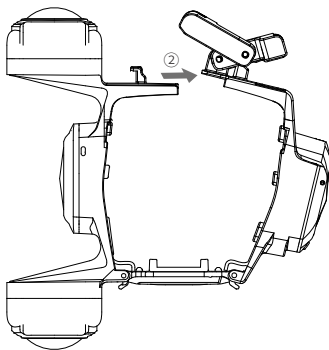

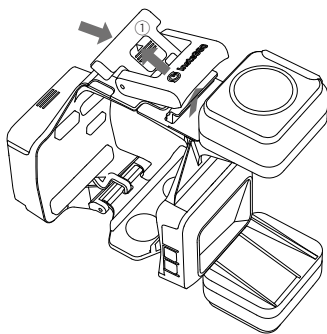

请使用 **UHS-I、V30** 及以上和 **exFAT** 格式的 Micro SD/TF 存储卡，速度过低可能导致无法正常录像；Micro SD 卡最大内存可支持 1TB。

3) 使用前，撕下镜头保护膜内侧的离型纸，然后将贴有双面胶贴纸的保护镜安装至全景相机镜头。

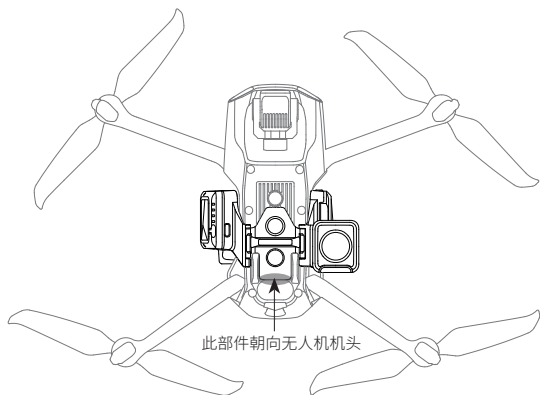

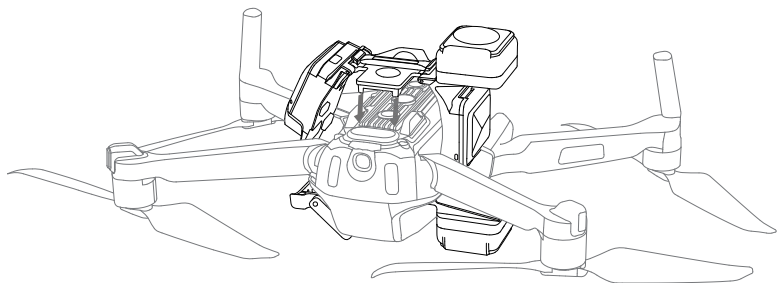

5、安装

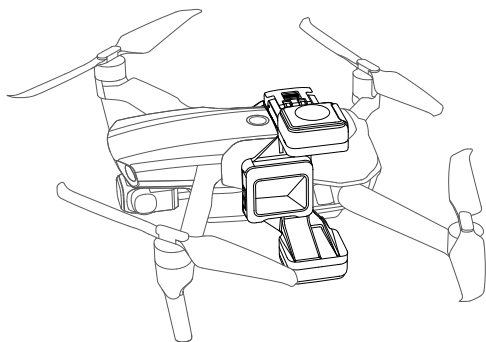

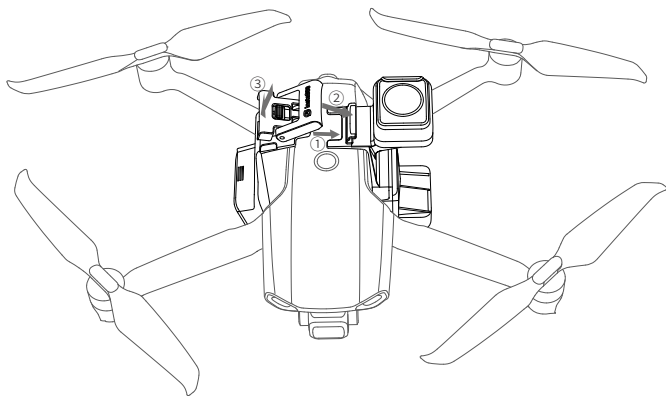

步骤一：打开锁柱，打开相机支架。

步骤二：如下图所示，将相机支架连接扣对应锁合至无人机底部。

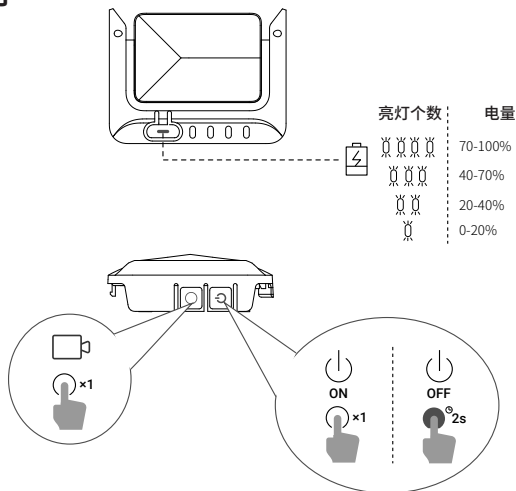

步骤三：锁合锁栓，请务必确保锁栓的黄色标识显示不可见。

安装完成!

6、按键使用

重要:

若进行长视频录制, 停止录像后, 请耐心等待, 直至红灯闪烁变为青灯常亮, 方可进行其他操作, 否则出现视频存储出错。

7、App 下载 & 设置

Insta360 瞳默认拍摄模式为 5.7K 30 帧普通全景录像，如需调整、切换拍摄模式与参数，请手机扫描下方二维码（<https://www.insta360.com/cn/download>）或前往 App Store、应用市场搜索“Insta360”下载安装、连接 Insta360 app，进行设置。

规格

镜头光圈：F2.0

35mm 等效焦距：7.2mm

电池容量：1050mAh

充电接口：Type-C

使用环境：-5°C ~40°C *

尺寸：110mm*125mm*63mm

重量：192 克（含电池）

* 不建议长时间低温环境使用相机，否则可能影响电池的续航能力。

售后服务

自您最初零售购入之日起，本产品的保修期为 1 年。详细的售后服务流程和保修条款，请访问 <http://insta360.com/support>
